

Train for Emergencies in Wilderness and Remote Environments

- **Ideal for group leaders in a wilderness environment an hour or more from EMS response**
- **Based on the Boy Scouts of America *Wilderness First Aid Curriculum & Guidelines***
- **16-hour WRFA course with 8-hour CPR for the Professional Rescuer/AED course**
- **Minimum age of 14 can attend**
- **Required at all BSA High Adventure Bases**

Learn Skills That Could Save a Life

Ideal for Scouts, outdoor leaders or employees in remote environments an hour or more from EMS response, our new 16-hour Wilderness and Remote First Aid course and 8-hour CPR for the Professional Rescuer with AED course give you the emergency skills you need when on a back country trek or float.

Course Highlights

To prepare participants to give critical care for potentially life-threatening emergencies in a delayed-help situation, the BSA/Red Cross Wilderness and Remote First Aid course covers the following:

- Primary and Secondary Assessments
- Head (Brain), Neck and Spinal Injuries
- Bone, Joint and Soft Tissue Injuries
- Allergies and Anaphylaxis
- Burns
- Wounds and Infections
- Hypothermia & Frostbite
- Heat-Related Emergencies
- Altitude-Related Illnesses
- Evacuations, Gear Improvising and more....
