21ST ANNUAL

10 COMMANDMENT HIKE

The purpose of the Ten Commandment Hike is to provide an opportunity for young scouts to live their faith, while learning how the Ten Commandments play an important part in their lives and serve as a foundation in living their faith. This event rotates to different parts of our community each year, taking place the Friday following Thanksgiving. This year, join us as we visit 10 houses of worship in the Hillcrest/Chenango Forks area. At each stop along the way, you'll learn about the faith, see the worship space and hear an explanation of one of the Ten Commandments. Because some congregations are farther apart, portions of the route are traveled by car, though there is still some walking and hiking along the way. This interfaith and cross-cultural event will help Scouts gain greater understanding of religions of fellow Scouts as well as build a greater acceptance of others' religious beliefs.

Please note: Some portions are driven; some walking/hiking is included.

$9 per person | **$29 per family**

(Includes Lunch & Hike Patch)
